the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million.

There are a number of reasons for this. One is that the world's population has increased by 1.5 billion in the last 20 years, and the number of people who are undernourished has increased by 200 million.

Another reason is that the world's population is becoming more urban, and the number of people who are undernourished is increasing in urban areas.

A third reason is that the world's population is becoming more aged, and the number of people who are undernourished is increasing in older age groups.

There are a number of ways in which we can reduce the number of people who are undernourished. One way is to increase the production of food.

Another way is to improve the distribution of food. A third way is to improve the nutrition of people.

There are a number of ways in which we can improve the nutrition of people. One way is to increase the consumption of fruits and vegetables.

Another way is to increase the consumption of protein. A third way is to increase the consumption of iron.

first respondent for the due payment by the first respondent to the applicant
“of all and any amounts which the” first respondent *“may be liable to pay
to the”* applicant under the deed of indemnity.

20 Based on the above interpretation of the documentary evidence placed before me
and having considered the well-presented arguments by both parties, I am of the
view that the second respondent is liable to the applicant in terms of the deed of
suretyship and indemnity and that the applicant has proved its case.

21 In the premises, I make the following order:

21.1 The second respondent is ordered to pay the applicant the amount of R 20
000 000, 00 together with interest thereon at the prime overdraft rate of
Absa Bank Limited plus 2% with effect from 10 April 2020 to date of
payment.

21.2 The second respondent is ordered to pay the applicant's costs of this
application on an attorney and client scale.
